Jun 27, 2016 - Downloading Office for Mac requires a few different steps than downloading it for a Windows computer.. Office 2016 for Mac is the company's first major Mac release since Office 2011, and it brings new versions of Word, Excel, and PowerPoint with redesigned Retina-optimized interfaces, new features, and a heavy focus on collaboration and cloud integration.. The new apps offer full retina display support with thousands of retina-optimized graphics, full screen view for native immersive experiences, and even little Mac affordances like scroll bounce.
